Updates on requirements will be provided as required.

C. Rules

The regatta will be governed by the rules as defined in the Racing Rules of Sailing (RRS) (2021 – 2024) and the Windsurfer Class rules, except where these are changed by the Notice of Race (NOR) or by the Sailing Instructions (SIs).

If there is conflict between the NOR and the SIs, the SIs will take precedence.

C.1. - Rule 13. - While Tacking

Rule 13 is changed to:

After a board passes head to wind, she shall keep clear of other boards until her sail has filled.

During that time rules 10, 11 and 12 do not apply. If two boards are subject to this rule at the same time, the one on the other's port side or the one astern shall keep clear.

C.2. - Rule 31. - Touching a Mark

Rule 31 is changed to:

While racing, a board shall not touch a starting mark before starting or a finishing mark after finishing. A board may touch a mark that begins, bounds or ends the leg of the course on which she is sailing.

C.3. - Rule 42. - Propulsion (Pumping)

As per Windsurfer Class rules, Rule 42 is changed to:

"A board shall be propelled only by the action of the wind on the sail, by the action of the water on the hull and by the unassisted actions of the competitor except that when:

(i) Course racing

and competitors are sailing to windward or on a close-hauled course, pumping (continuous and/or repetitive movement of the rig to induce wind-flow over the sail) is prohibited except for

the first 30 seconds after the starting signal, at which time a horn will sound and pumping whilst sailing on an upwind course is no longer permitted. "

A member of the race committee or a designated observer who sees a competitor infringing these pumping restrictions may disqualify a competitor without a hearing.

Pumping is unrestricted while sailing downwind.

C.4. – Rule 44. - Penalties at the time of Incident

Rule 44 is changed to:

44.1 Taking a Penalty

A board may take a 360°-Turn Penalty when she may have broken one or more rules of Part 2 in an incident while racing. However, if the board caused injury or serious damage or, despite taking a penalty, gained a significant advantage in the race or series by her breach, her penalty shall be to retire.

44.2 360°-Turn Penalty

After getting well clear of other boards as soon after the incident as possible, a board takes a 360°-Turn Penalty by promptly making a 360° turn with no requirement for a tack or a gybe. When a board takes the penalty at or near the finishing line, her hull shall be completely on the course side of the line before she finishes.

C.5. – Definition - Tack, Starboard or Port

Definition is changed to:

A board is on the tack, starboard or port, corresponding to the competitor's hand that would be nearer the mast if the competitor were in normal sailing position with both hands on the wishbone and arms not crossed.

A board is on starboard tack when the competitor's right hand would be nearer the mast and is on port tack when the competitor's left hand would be nearer the mast.

- (ii) After the weighing procedure, in case the total number cannot be divided by four, the first category with one competitor more will be determined upon a random draw. In case two competitors have the same weight, the younger competitor will be considered the lighter.
- (iii) Before the start of the first race, a second weighing procedure may be called for the athletes close to the limits of the categories, in order to recheck the correct registered weight.
- (iv) Where there is a significant difference between cut-off weights and/or a number of competitor weights that are close to the limits between divisions, the Organising Authority may, in its absolute discretion, increase or decrease the number of competitors in a division to promote closer and fairer racing.

Weighing Procedure:

- (i) Weighing of competitors will be conducted during the event registration period on the official scales provided by the Organising Authority.
- (ii) Competitors will weigh in T-shirt and shorts only (no footwear) – with all pockets emptied.
